

## Barracuda XDR Release Notes — August 2023

<https://campus.barracuda.com/doc/100368644/>

The Barracuda XDR August release includes the following features:

### Support for All Accounts on the Endpoint Devices Page

Workflows on the **Endpoint Devices** page, found under **Infrastructure**, are now supported when the **All Accounts** option is selected. This allows MSPs to have a view into all of their customers at once, to determine if any actions need to be made, allowing for easier scaling.
