

Filtering Accounts

<https://campus.barracuda.com/doc/100371281/>

To filter accounts, perform the following steps.

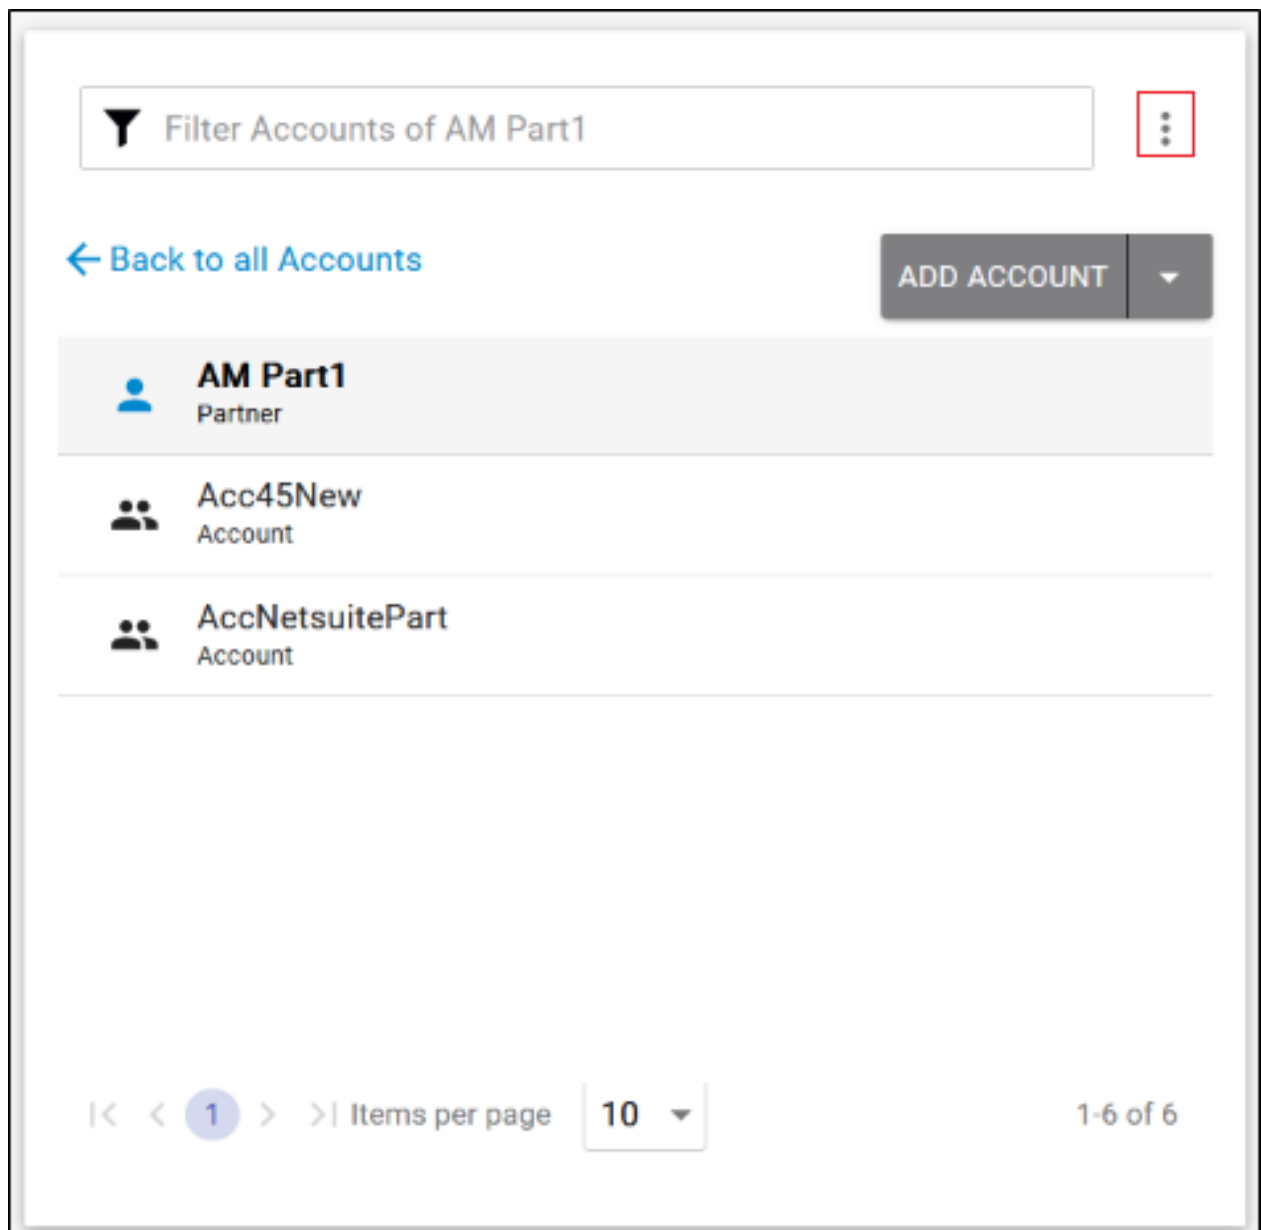

1. At the account with the activated service select **Product & Services List**.

The screenshot displays the 'Products & Services List' interface. On the left, a sidebar shows a list of accounts: 'AM Part1' (Partner), 'Acc45New' (Account), and 'AccNetSuitePart' (Account). The 'AM Part1' account is selected. The main panel shows the 'Products & Services List' for this account. It includes a search bar, a 'Filter Accounts of AM Part1' dropdown, and buttons for 'SUBPARTNERS CATALOG', 'MANAGE INTEGRATIONS', and 'EXPORT USAGE DATA'. Below these, a table lists the products and services for 'Barracuda Email Protection'. The table has columns for 'PRODUCT / SERVICE', 'USERS', 'CONTRACT', 'OVERAGES', 'STATUS', and 'ACTIONS'. Two rows are visible: 'Advanced Email Protection MSP' and 'Advanced ProtectionSP', both with a status of 'Active' and an 'EDIT' button.

PRODUCT / SERVICE	USERS	CONTRACT	OVERAGES	STATUS	ACTIONS
Advanced Email Protection MSP	1	10		Active	EDIT
Advanced ProtectionSP	1	12		Active	EDIT

2. At the Filter Accounts field, select the vertical ellipsis as shown below.

The Filter all Accounts pop-up is displayed.

Filter all Accounts

By Account Name

Activated Products & Services

- ☐ All Activated Products & Services
- ☐ (INTL) Email Complete Protection
- ☐ Email Archiving Service
- ☐ Email Cloud-to-Cloud Backup
