

## Filtering the User Access Report

<https://campus.barracuda.com/doc/100371417/>

The User Access Report filters allow you to sort the report by the following:

- User Name
- User Type
- IP Address
- Browser
- Date

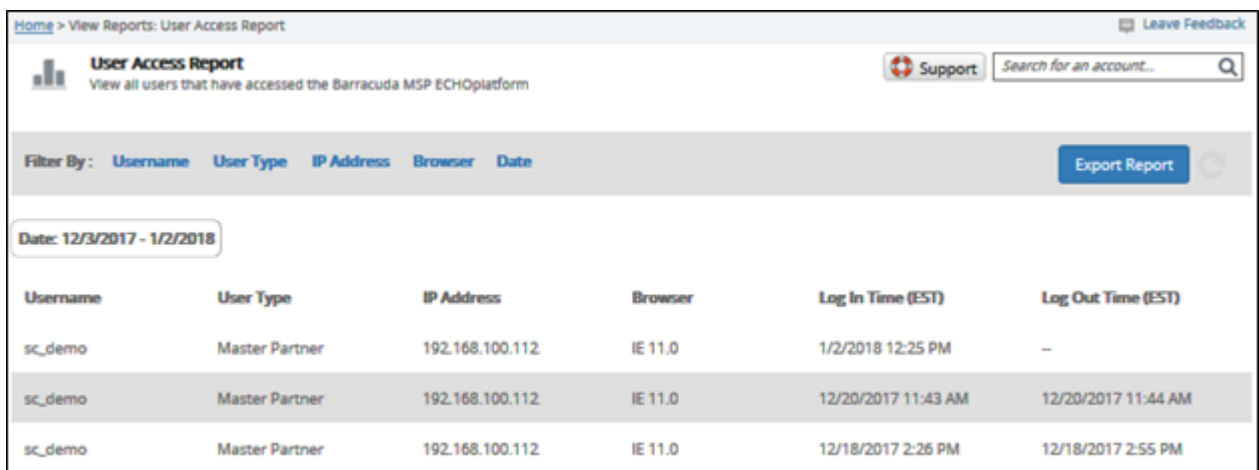

For the Username and IP Address filters, you can display filter types by beginning to type them.

For the User Type, Browser, and Date, you can select from a drop-down display.

Note when the Access Report is filtered by Browser and Date, those selections are displayed above the results.

To filter the User Access Report, perform the following steps.

1. Access the report. See [Viewing the User Access Report](#).  
The report is displayed.
