The Barracuda XDR October 2023 release includes the following features:

### More Powerful User Help Delivery

---

The user help for the XDR Dashboard is now available through [Barracuda Campus](#). The help is now more extensive, updated with the latest UI.

A Campus login is required to access the help. You can create a free account here: [Create account](#).

### New Managed Endpoint Security group: Monitor + Remediation + USB allowed

---

We've added a new Managed Endpoint Security group: **Monitor + Remediation + USB allowed**. This new group lets partners/customers readily configure their managed offering to meet their needs. You can view this group on the **Infrastructure > Endpoint Devices** page. Click the **Groups** button in the top right corner.
