

## Working with the Endpoint Devices Page

## https://campus.barracuda.com/doc/102888005/

The **Endpoint Devices** page gives you tools you need to protect your devices, including tools for protecting your device with the agent. To navigate to the page, click **Infrastructure** > **Endpoint Devices**. See the page graphic below.

- 1. Type a search term to search.
- 2. Click to filter this page. See Filtering the Endpoint Devices Page.
- 3. Click to clear all filters from this page.
- 4. Click to refresh the page.
- 5. Click to add or remove USB Blocking from one or more groups. See <u>Blocking and Unblocking</u> <u>USB Ports</u>.
- 6. Displays the total devices in the account.
- 7. Displays the number of devices in the Monitor + Remediation group.
- 8. Displays the number of devices in the Monitor Only group.
- 9. Displays the number of devices that require patching.
- 10. Click to add a device to the account.
- 11. Add one or more selected devices to a group. See <u>Setting up Endpoint Security Groups</u>.
- 12. Click to uninstall one or more selected devices.
- 13. Click to select the columns displayed in the table.
- Click to export a .CSV file of the Endpoint Devices table. See Exporting the Endpoint Devices Table.
- 15. Select or clear a check box in this column to select devices.
- 16. Displays the device name. Click the arrow to sort the table by this column.
- 17. Displays the name of the user who logged in to the device most recently.

- 18. Displays the device's IP address.
- 19. Displays the account the device belongs to.
- 20. Displays the device's connection status.
- 21. Displays the group the device belongs to.
- 22. Displays the version of the agent on the device.
- 23. Displays whether the disks on the device are encrypted or not.
- 24. Displays if the agent has detected that an application requires a patch due to a CVE.
- 25. Displays the status of the agent on the device.
- 26. Click a device row to do any of the following:
  - Snooze endpoint protection on the device for 1 hour, 6 hours, or 24 hours. See <u>Snoozing</u> and <u>Unsnoozing Protection on Devices</u>
  - Add the device to a group.
  - Uninstall the device. See Uninstalling Endpoint Protection from a Device.
  - Set a log degradation threshold of 1 day, 3 weeks, 6 months, or 1 year. See <u>Setting a</u> <u>Threshold for Log Degradation</u>
- 27. Click the forward or back arrows to navigate the pages.
- 28. Click to select the number of devices displayed per page.
