

How to Connect Microsoft Entra ID with Barracuda Cloud Control

<https://campus.barracuda.com/doc/26708/>

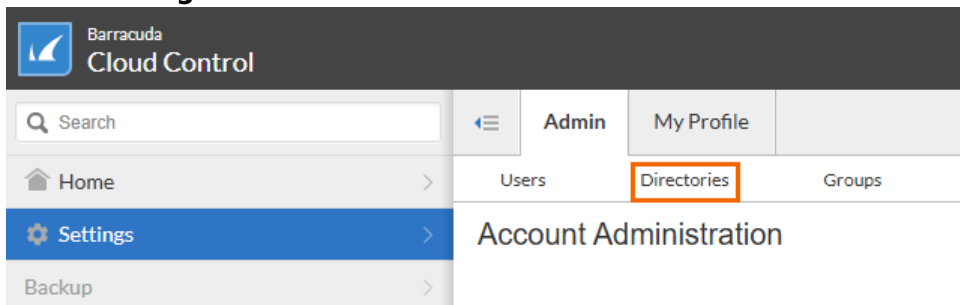

Connect Barracuda Cloud Control to synchronize users and groups with Microsoft Entra ID (formerly Azure Active Directory). User and group synchronization is required if you want to use users and groups in [Security Policies](#).

Before You Begin

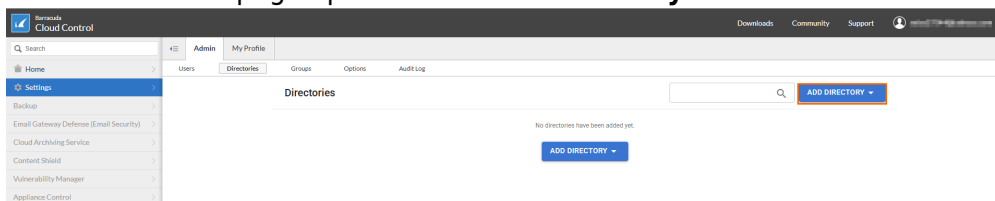

- The Microsoft Entra ID directory you are connecting to in the following steps must be the same directory as configured in <https://se.barracudanetworks.com>.
- You must have administration privileges for Barracuda Cloud Control.

Synchronize Barracuda Cloud Control with Microsoft Entra ID

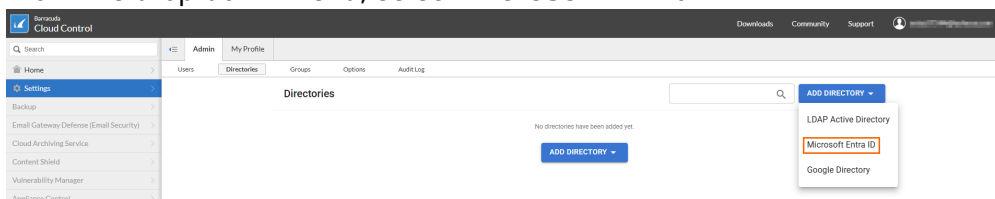

1. Log into <https://sso.barracudanetworks.com/>
2. Go to **Settings > Admin > Directories**.

3. The **Directories** page opens. Click **Add Directory**.

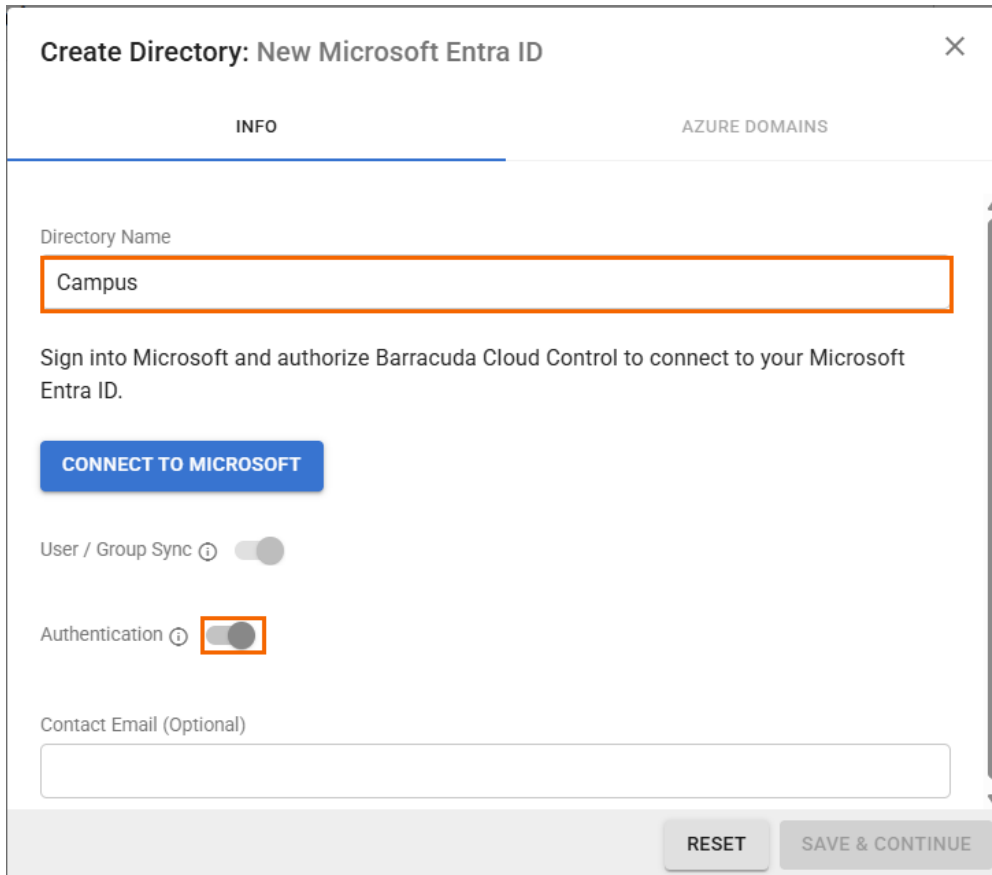

4. From the drop-down menu, select **Microsoft Entra ID**.

5. The **Create Directory: New Microsoft Entra ID** window opens.
6. In the **INFO** tab specify values for the following:
 - **Directory Name** – Enter a name.
 - **User / Group Sync** – This field is pre-selected.

- **Authentication** – Click to enable.

Create Directory: New Microsoft Entra ID

INFO AZURE DOMAINS

Directory Name
Campus

Sign into Microsoft and authorize Barracuda Cloud Control to connect to your Microsoft Entra ID.

CONNECT TO MICROSOFT

User / Group Sync

Authentication

Contact Email (Optional)

RESET SAVE & CONTINUE

7. Click **CONNECT TO MICROSOFT**.

8. You are redirected to Microsoft Azure. Read the requested permission and scroll down.

✓ Sign in and read user profile

If you accept, this app will get access to the specified resources for all users in your organization. No one else will be prompted to review these permissions.

Accepting these permissions means that you allow this app to use your data as specified in their [terms of service](#) and [privacy statement](#). You can change these permissions at <https://myapps.microsoft.com>. [Show details](#)

Does this app look suspicious? [Report it here](#)

Cancel Accept

9. Click **Accept**.

10. After you are redirected back to Barracuda Cloud Control, click **Save & Continue**.
