

Editing VoIP/SIP Provider Accounts

<https://campus.barracuda.com/doc/41091974/>

Navigate to **Providers > SIP Providers** and select the account to edit. In addition to the options listed in the preceding section, , you have the following options:

- **Rename** - Rename the gateway
- **Delete** - Delete the gateway account from the system
- **External Numbers** - Add external numbers, i.e., direct inward dialing (DID) numbers, to this gateway account
- **Outbound Routing** - Add outbound routes to this gateway

External Numbers and Outbound Routing are explained in [PRI Circuits](#) (Models 370B, 470B, 670B) are described in [Hardware Providers](#).

See [Configuring A Remote Site for Custom E911](#) for configuration guidelines to ensure that emergency dialing is functioning properly.
