Dashboard

https://campus.barracuda.com/doc/43222366/

This article refers to Barracuda ArchiveOne version 6.6 and earlier.

The **Dashboard** page provides an overview of your system as widgets. You can change the layout of the **Dashboard** by dragging the individual widgets by their title bars.

Some widgets refresh automatically after a set period of time while others require a manual refresh.

Click the **Edit** icon in the title bar of each widget to access the following controls:

- **System Status** – Set refresh rate
- **Collecting Phase Status** – Set refresh rate
- **Archiving Phase Status** – Set refresh rate
- **Actions** – Select a policy to run, select an archive stage to run
- **ADA Results** – Set refresh rate
- **Archive Queue - Realtime** – Select a repository, set refresh rate
- **Archive Queue - Activity** – Select a repository, set refresh rate
- **Archive Queue - Activity Charts** – Set refresh rate
- **Repository Size** – Set refresh rate
- **Collecting Phase Messages** – Set refresh rate
- **Collecting Phase Data** – Set refresh rate
- **Archiving Phase Messages** – Set refresh rate
- **Archiving Phase Data** – Set refresh rate
- **Retrieval response time** – Set refresh rate
