

Journal Cleanup Page

<https://campus.barracuda.com/doc/43222870/>

Messages in the Journal where no recipients match a user in the [Mailbox Manager](#) are skipped for archiving and remain in the Journal mailbox by default, unless you have enabled **Journal Cleanup**. **Journal Cleanup** deletes all messages regardless of whether they are archived.

Use the **Journal Cleanup** page to specify whether a message should be deleted from the journal once a message has been archived using journal archiving, and whether it should be deleted if it is unsuitable for archiving.
