

Repository Name Page

<https://campus.barracuda.com/doc/43222934/>

The **Repository Name** page displays in the Repository Configuration Wizard, and allows you to configure the name of the repository:

The screenshot shows a Windows-style dialog box titled "Repository Name". Inside the dialog, the text "Choose a name for the repository." is displayed. Below this text is a text input field with the label "Repository Name:" and the text "Repository 1" entered. At the bottom of the dialog, there are four buttons: "< Back", "Next >", "Cancel", and "Help".
