Initial Service Setup

https://campus.barracuda.com/doc/45711657/

To get started with Barracuda Vulnerability Manager, log into your Barracuda Cloud Control account.

If you already have a Barracuda Cloud Control account, continue with **Connect to the Barracuda Vulnerability Manager** below.

If you do not have an account, follow the steps described in Barracuda Cloud Control to create a new account:

To log into the Barracuda Vulnerability Manager, continue with Step 2 below.

Connect to the Barracuda Vulnerability Manager

1. Log into https://login.barracudanetworks.com/.
2. Once you are logged in, click **Vulnerability Manager** in the left navigation pane.
3. Click **Sign Up For Free**.
4. Enter your **Phone Number**, select your **Country**, and then enter your **Postal Code**.
5. Read and accept the **terms of service**, and click **Sign Up**. The **Active Scans** page displays. Click **New Scan** to start scanning your web applications.

In the future, when you log into your Barracuda Cloud Control Account, you will automatically be able to access the Barracuda Vulnerability Manager.
