

# How to Import Compliance Settings

#### https://campus.barracuda.com/doc/45712460/

If you have upgraded to ArchiveOne Enterprise v6.6 or later, both Policy and Compliance can now be administrated through a single administration console. Compliance is no longer a separate installation and is activated by the enabled feature Journal Archiving in your license key. As part of upgrading ArchiveOne Enterprise, you can choose to import your Compliance settings from your old installation if:

- Your license has Journal Archiving enabled;
- You have run the Journal Archiving Wizard to enable Journal Archiving;
- Your old Compliance installation uses the same Configuration Server as your upgraded ArchiveOne Enterprise installation.

To import your Compliance settings,

- 1. On the Archive server, open the ArchiveOne admin console.
- 2. Right-click the <u>Status Node</u>, and click **Import ArchiveOne Enterprise (Compliance)** Settings:

A)		ArchiveOne Admin	_ 0 ×
File Action View Window Help			_ 8 ×
(= -> 🖄 📰 👔 🖬 🐝 🖆 🎭

Choose Server			
Run System Configuration Wize	ard		F
📋 I Run Mailbox Archiving Wizard.			-
I Run Journal Archiving Wizard			
Import ArchiveOne Enterprise (	(Compliance) Settings	System Summary	
Edit Custom Properties			
Manage Password	tures	Mailbox Archiving, Journal Archiving, Discovery Module	
Open ArchiveOne Web Admin.	le	Full	
Role Definition	le last checked	9:54:00 on Monday 13 July, 2015	
View	erver	SERVER-2	
New Window from Here	ersion	Exchange 2013(Build 31076.9)	
	n Server	SERVER-3	
пер	ver	SERVER-3	i i
	Mailbox Service (AOnePolService)	7.0.1.3218	
	Journal Service (AOneJournalService)	7.0.1.3218	
	PST Service (AOnePstService)	7.0.1.3218	
	Admin Version	7.0.1.3218	
	Click the 'Configure' toolbar button to cha	inge the configuration.	
	For more information, see the Help, or cont © 2015 Barracuda Networks Inc	act <u>Barracuda</u> .	
Configure			

3. The import starts automatically; click **OK** to close the **Import Complete** dialog.

The following settings should now be imported:

- <u>Mailbox Manager</u> Any mailboxes which are not already listed in the Mailbox Manager will have been added.
- Journal Repositories Any imported repositories will be prefixed with 'Compliance\_' e.g. Compliance\_Year\_2014. The repository history will have also been imported.

• <u>Archive Searches</u> – Any imported searches are prefixed with **Compliance\_**, for example, **Compliance\_Search1**.
