

# Configuration Summary

**Configuration Summary** reports cover:

- Performance of Barracuda Web Application Firewall features such as Load Balancing, Rate Control, Learning, etc.
- Details of digital certificates including issuing date, expiry date, and associated services
- Details of accounts, their users, privileges assigned to them, permitted operations, etc.
- Names of the URL Profiles, Parameter Profiles, Header ACLs and URL ACLs associated with a service

The following table provides a detailed description of each report in the **Configuration Summary** section:

Report Name	Report Description	Report Type
Application Summary	<p>Displays the summary of configured applications and associated policies.</p> <p><b>Application Summary</b> report includes:</p> <ul style="list-style-type: none"> <li>• Application Name</li> <li>• IP Address:Port</li> <li>• Server-IP:Port</li> <li>• Application Policies</li> <li>• Traffic Management</li> <li>• Security</li> <li>• URL Policies</li> </ul>	Plain Text
Certificate Status Report	<p>Displays the summary of created/uploaded certificates and associated applications.</p> <p><b>Certificate Status</b> report includes:</p> <ul style="list-style-type: none"> <li>• Certificate Name</li> <li>• Certificate Type</li> <li>• Issuing Date</li> <li>• Expiry Date</li> <li>• Associated Applications</li> </ul>	Plain Text
Administrative Accounts	<p>Displays the operational and configuration privileges allowed for each role.</p> <p><b>Administrative Accounts</b> report includes:</p> <ul style="list-style-type: none"> <li>• Role Name</li> <li>• User</li> <li>• Denied Screens</li> <li>• Operations</li> <li>• Services</li> <li>• Security Policies</li> <li>• Authentication Services</li> </ul>	Plain Text
URL Profile and ACLs Summary	<p>Displays the summary of URL Profiles, Parameter Profiles, Header ACLs and URL ACLs associated with the services configured on the Barracuda Web Application Firewall.</p>	Plain Text
Server Summary	<p>Displays the configuration settings of servers.</p> <p><b>Server Summary</b> report includes:</p> <ul style="list-style-type: none"> <li>• Application Name</li> <li>• Server Name/IP Address</li> <li>• Status</li> <li>• OOB Health Checks Status</li> <li>• Connection Pooling Status</li> <li>• Client Impersonation Status</li> </ul>	Plain Text

**Example for Application Summary Report:**

# Barracuda Web Application Firewall

Application Summary

**Host(s):** barracuda.barracudanetworks.com [10.11.28.217]  
**Date Range:** 2016-02-01 00:00 - 2016-03-01 00:00  
**Generated on:** 2016-02-04 02:48:21

i This report displays the summary of configured applications and associated policies.

ST:Session Tracking      LN:Learning LB:Load Balancing UP:URL Protection FAPS:FTP Attack Prevention  
LOG:Web-logging      BF:Brute Force AV:Virus Attack DT:Data Theft SSL:SSL Security  
CLK:Cloaking      CM:Compression WF:Web-Firewall PP:Parameter Protection CH:Caching  
ISSL:Instant SSL      CS:Cookie Security RqL:Request Limit AUTH:Authentication RC:Rate Control

Application Name	IP-Address:Port	Server-IP:Port	Application Policies	Traffic Mgmt.	Security	URL Policies
US1	99.99.217.1:80	10.11.25.117:80	LOG WF default	none	CS UP PP RqL CLK	default-url-policy
CH1	1.0.32.217:80	10.11.25.117:80	LOG WF default	none	CS UP PP RqL CLK	default-url-policy
UAE1	91.198.19.217:80	10.11.25.117:80	LOG WF default	none	CS UP PP RqL CLK	default-url-policy

## Example for Certificate Status Report:

Certificate Status Report

**Host(s):** barracuda.barracudanetworks.com [10.11.28.217]  
**Date Range:** 2016-02-01 00:00 - 2016-03-01 00:00  
**Generated on:** 2016-02-04 03:04:49

i This report displays the summary of created/uploaded certificates and associated applications.

Other Valid Certificates

Certificate Name	Certificate Type	Issuing Date	Expiry Date	Associated Applications
1. createdcert1	created	2016-02-4 05:15:38 GMT	2026-02-1 05:15:38 GMT	CH1
2. uploadcert2171	uploaded	2016-02-4 05:17:30 GMT	2026-02-1 05:17:30 GMT	
3. ca1	trusted	2016-01-21 08:46:06 GMT	2021-01-20 08:56:05 GMT	CH1

## Example for Administrative Accounts Report:

Administrative Accounts

**Host(s):** barracuda.barracudanetworks.com [10.11.28.217]  
**Date Range:** 2016-02-01 00:00 - 2016-03-01 00:00  
**Generated on:** 2016-02-04 02:49:32

i This report displays the operational and configuration privileges allowed for each role.

Role-Name	User	Denied Screens	Operations	Services	Security Policies	Authentication Services
admin	admin, tester1	None	All	All : read-write	All : read-write	All : read-write
audit-manager	qa1	BASIC->Dashboard BASIC->Services BASL.->Def...rity BASL.->Cer...ates BASL.->IP ...tion BASL.->Not...ions BASL.->Adm...tion	view...logs view...logs view...logs expo...ccess expo...ewall expo...audit exec...ports	None : None	None : None	None : None
certificate-	qa2	BASIC->Dashboard	cert...ement	None : None	None : None	None : None

### Example for Server Summary Report:

**Server Summary**

Host(s): barracuda.barracudanetworks.com [10.11.28.217]  
Date Range: 2016-02-01 00:00 - 2016-03-01 00:00  
Generated on: 2016-02-06 04:00:40

**i** This report displays the configuration settings of servers.

<u>Application-Name</u>	<u>Server</u>	<u>Status</u>	<u>OOB Health Checks</u>	<u>Connection Pooling</u>	<u>Client Impersonation</u>
EGY1	Server_10.11.25.117_80(10.11.25.117:80)		YES	YES	NO
US1	Server_10.11.25.117_80(10.11.25.117:80)		YES	YES	NO
UAE1	Server_10.11.25.117_80(10.11.25.117:80)		YES	YES	NO
CH1	Server_10.11.25.117_80(10.11.25.117:80)		YES	YES	NO
