

Understanding the Recycle Bin Node

<https://campus.barracuda.com/doc/48661055/>

This article refers to the Barracuda ArchiveOne for Files version 7.2.0 and higher.

The Recycle Bin Node displays the current contents of the recycle bin, For example:

Any item that has either expired or been deleted is placed into the recycle bin. Each item displays in the right panel of the Recycle Bin Node. To restore an item, right-click the item, and click **Restore**. Note that items that have expired cannot be restored.

To purge the Recycle Bin, right-click the Recycle Bin Node, and click **Empty Recycle Bin**. Confirm that you want to permanently delete the items. Once the items are purged, you cannot recover them. Use this option with caution.
