

Single x64-Based File Server with File Agent Installation

https://campus.barracuda.com/doc/49053797/

This section refers to the Barracuda ArchiveOne for Files version 7.2.0 and higher.

Use this installation if you have a single x64-based file server and wish to install Barracuda ArchiveOne for Files on that x64-based file server. In this installation, the Agent component is installed separately on the same x64-based file server using the 64-bit setup executable:

x64 File Server/ File Agent

For other installation options, see <u>ArchiveOne for Files Installation Options</u>.

Step 1. Install Main Application

 Log in to the Archive Server as the administrator, and run ArchiveOneForFiles.exe; the installation wizard displays:

Harchive One for Files - InstallShield Wizard	
24	Welcome to the InstallShield Wizard for Archive One for Files
	The InstallShield(R) Wizard will install Archive One for Files on your computer. To continue, dick Next.
	WARNING: This program is protected by copyright law and international treaties.

License Agreement Please read the following license agreement carefully.
IMPORTANT - READ CARFULLY. By installing this software you agree to be bound by the terms of this C2C License agreement. If you do not agree to the terms of this Agreement, do not install the software and promptly return the package to the place you obtained it for a full refund. C2C Systems Limited grants to you the following non-exclusive,
inon-transferable rights with respect to the Server Software and
non-transferable rights with respect to the Server Software and Agent Software (collectively called the "SOFTWARE").

.
