

Single x86-Based File Server with Dedicated Archive Server

https://campus.barracuda.com/doc/49053799/

This section refers to the Barracuda ArchiveOne for Files version 7.2.0 and higher.

Use this installation if you have a single x86-based file server and wish to install the Agent on a separate Archive Server:

Δ

Dedicated Archive Server

For other installation options, see ArchiveOne for Files Installation Options.

Step 1. Install Main Application

1. Log in to the Archive Server as the administrator, and run **ArchiveOneForFiles.exe**; the installation wizard displays:

Harchive One for Files - Instal	IShield Wizard
	Welcome to the InstallShield Wizard for Archive One for Files
	The InstallShield(R) Wizard will install Archive One for Files on your computer. To continue, click Next.
	WARNING: This program is protected by copyright law and international treaties.
	< Back Next > Cancel

2. Click Next. Read and accept the License Agreement:

IMPORTANT - READ CARFULLY. By installing this software you agree to be bound by the terms of this C2C License agreement. If you do not agree to the terms of this Agreement, do not install the software and promptly return the package to the place you obtained it for a full refund. C2C Systems Limited grants to you the following non-exclusive, non-transferable rights with respect to the Server Software and Agent Software (collectively called the "SOFTWARE"). If you beguined Archive One for Files for permanent you the terms in the license agreement If you beguined Archive One for Files for permanent you the terms in the license agreement		icense Agreement Please read the following license agreement carefully.	5
