

# Multiple x64-Based File Servers with Dedicated Archive Server

https://campus.barracuda.com/doc/49053980/

This section refers to the Barracuda ArchiveOne for Files version 7.2.0 and higher.

Use this installation if you have multiple x64-based file servers and wish to install the Agent on a separate Archive Server:

For other installation options, see <u>ArchiveOne for Files Installation Options</u>.

#### Step 1. Install Main Application

Complete the following steps on *each* file server in your environment.

1. Log in to the Archive Server as the administrator, and run **ArchiveOneForFiles.exe**; the installation wizard displays:

HArchive One for Files - Install	IShield Wizard
	Welcome to the InstallShield Wizard for Archive One for Files
	The InstallShield(R) Wizard will install Archive One for Files on your computer. To continue, click Next.
	WARNING: This program is protected by copyright law and international treaties.
	< Back Next > Cancel

#### 2. Click Next. Read and accept the License Agreement:

Hrchive One for Files - InstallShield Wizard	
License Agreement Please read the following license agreement carefully.	
IMPORTANT - READ CARFULLY. By installing this software you agree to be bound by the terms of this C2C License agreement. If you do not agree to the terms of this Agreement, do not install the software and promptly return the package to the place you obtained it for a full refund. C2C Systems Limited grants to you the following non-exclusive, non-transferable rights with respect to the Server Software and Agent Software (collectively called the "SOFTWARE")	]
<ul> <li>I accept the terms in the license agreement</li> <li>I do not accept the terms in the license agreement</li> </ul>	]
< <u>B</u> ack Next > Cancel	

3. Click **Next**. In the **Customer Information** page, enter the **User Name** and **Organization** name:

Archive One for Files - InstallShield Wizard  Customer Information	×
Please enter your information.	
<u>U</u> ser Name:	
A User	
Organization:
