Is there anything I should know before taking an exam?

All our exams consist of multiple-choice questions. You will need a computer with Internet connection to take an exam. Since the exam is open book, you can consult reference material or use the Internet while taking the exam. When finishing an exam, you will receive a pass or fail grade. All test results can also be viewed under "History" on the "Exams" page.

I did not receive an invitation to take my exam.

'The trainer said I would receive an email to take the exam. I haven't received it yet. What can I do?'

If you have not received an email or don't have a direct link, you can always find the exams under the respective course and certificate pages.

For example: [CGF03 - Barracuda CloudGen Firewall - CloudGen Firewall Features](#)

Tasks

For this certification, you have to complete the following courses and exams.

	CGF03-02 Barracuda CloudGen Firewall - Features Engineer - Exam	START EXAM
---	---	----------------------------

Exams are also listed on the corresponding course page. To display exams for a course, click on the "Exams" link under "For This Course".

For This Course

[Description](#)[Training Classes](#)[Training Materials](#)[Exams](#)[Certification](#)

You do not have the necessary prerequisites to take this exam.

[START EXAM](#)

If an exam is locked, the prerequisites must be fulfilled in order to take the exam. Details can be found on the corresponding course content page.

What does an exam look like?

All the exams are multiple choice. At top of the exam, you can see which questions have been answered by number:

- Gray underline - Not answered
- Blue underline - Answered
- Blue marked - Current question
- Bookmark - Question that has been bookmarked for later

 **CGF01-02 Barracuda CloudGen Firewall - Foundation**

Time remaining: 62m 02s

To bookmark a test question for later, click "*Bookmark Question*" at the bottom of the page.

Is there a time limit for taking an exam?

Every test has a preset time limit. Depending on the exam level, this is between 10 and 90 minutes. The time limit for your test will be given before you start the test.

ESS01-03 Barracuda Essentials - Foundation

ESS01-03 - Role: Engineer

You are about to take the exam 'ESS01 - Barracuda Essentials - Foundation'.

This is a timed exam!

When the time limit is reached, the exam will end. Unfinished questions will be marked as incomplete.

Summary

- 30 questions
- 60 minutes
- 24 correct answers
- max. 1 attempts

CANCEL

TAKE EXAM

The test page will also display a countdown of the time remaining for you to finish the test.

If your time runs out, your exam will be submitted with the answers you have completed.

Can I repeat a failed exam?

Yes. Depending on the type (exam, self assessment) and certificate level, each exam has a predefined attempt limit. The attempt limit is shown in the summary every time a test starts.

BU01-01 Barracuda Backup - Foundation

BU01-01 · Role: Engineer

You are about to take the exam 'BU01 - Barracuda Backup - Foundation'.

This is a timed exam!

When the time limit is reached, the exam will end. Unfinished questions will be marked as incomplete.

Summary

- 50 questions
- 90 minutes
- 40 correct answers
- ← max. 1 attempts

CANCEL

TAKE EXAM

If the maximum attempts have been exceeded, you must wait a certain amount of time (this can be between 24 hours and 7 days) to retake the exam. To check whether and when you can retake the test, hover over the Start Exam button and a pop-up box will appear with all relevant details.

Can anyone reset my attempt count?

Resetting the attempt count is not possible. You must wait until you are allowed to retake the exam.

Can I see which questions I answered incorrectly?

As soon as a test has been completed, a summary will be displayed, showing the test result and how many or (depending on the exam level) which questions have been answered correctly, incorrectly, or not at all.

You failed the exam with a score of **60%**.
You answered 3 of 5 questions correctly.

[REPEAT EXAM](#)

Summary

The following is a summary of your exam results.

1)	The WAF is constantly updated by definitions created by Barracuda.	✓
2)	Cloud deployments are supported only with a limited set of features.	✗
3)	The Barracuda Web Application Firewall (WAF) is specifically designed to protect application servers.	⊖
4)	Additional services can be added to WAF hardware appliances with additional module cards.	✓
5)	Currently, virtual deployments are limited to VMware ESX and Microsoft Hyper-V hypervisors. Other environments are coming soon.	✓

[REPEAT EXAM](#)

How can I re-take an exam?

If you have passed an exam, you can re-take the exam after 1 week. If the exam is part of a certificate and you pass again, the certificate will be reissued.

Can I resume taking the exam if I lose my Internet connection or close the exam window and reopen it later?

You will be able to resume taking the test as long as the time limit has not been exceeded. An open exam will be shown on every Campus page. Click "*Resume Exam*" to resume the test.

You will then be forwarded to the test page again. The time remaining for you to finish the test will be displayed in the top-right corner of the window.

If not resumed or closed incorrectly, the test will be rated unsuccessful (0%).
