How to Reauthorize an Office 365 Share

https://campus.barracuda.com/doc/51189892/

Use the following steps to reauthorize an Office 365 share:

1. Log in to Barracuda Backup, and select the Cloud-to-Cloud Backup Source in the left pane.
2. Go to **Backup > Sources**.
3. On the **Sources** page, navigate to Office 365, and click **Edit** to the right of the data source.
4. In the **Authorization** section, click **Reauthorize your *<data source>* account**.

Any reauthorization changes you make take effect with the next backup session.
