

## Web Interface

<https://campus.barracuda.com/doc/51189897/>

For more information, see the latest [Cloud-to-Cloud Backup Version 3](#).

This section describes each page in the Barracuda Cloud-to-Cloud Backup web interface. After activating Barracuda Cloud-to-Cloud Backup, get familiar with the product user interface.

### In this Section

The screenshot shows the 'Status' page of the Barracuda Cloud Control interface. The top navigation bar includes 'Home', 'Backup', 'Restore', 'Reports', 'System', and 'Admin'. The main content area displays the status of connected services (OneDrive for Business, Exchange Online, SharePoint Online) and backup activity charts for 'Backup Items Added' and 'Backup Data Added'. A table at the bottom shows storage usage for 'Raw Data' (44.41 GB) and 'Items' (1,078,100).

Callouts point to the following features:

- Restore data from Barracuda Cloud Storage**: Points to the 'Restore' menu item.
- Configure Office 365 data sources**: Points to the 'Backup' menu item.
- View backup, restore, and audit log reports**: Points to the 'Reports' menu item.
- Set name to identify Barracuda Cloud Backup and set time zone**: Points to the 'System' menu item.
- Configure users, set up notifications, manage display groups, access documentation**: Points to the 'Admin' menu item.
- Access user community**: Points to the 'Community' link in the top right.
- Contact support**: Points to the 'Support' link in the top right.
- Administer accounts, update profile, select locale, or sign out**: Points to the user profile dropdown menu.
- Status displays cloud storage backup activity**: Points to the 'Status' page content.
- Access Cloud-to-Cloud Backup**: Points to the 'Cloud-to-Cloud' menu item in the left sidebar.
