

Manage User Accounts and Roles - Video

<https://campus.barracuda.com/doc/54265848/>

Watch this video for an overview of local user administration and LDAP integration:

The screenshot displays the Barracuda Cloud Archiving Service web interface. The top navigation bar includes the Barracuda logo, the service name, and user information (Signed in as: Demo Guest, Sign Out, English (US)). Below this is a secondary navigation bar with tabs: BASIC, MAIL SOURCES, POLICY, USERS, and ADVANCED. The left sidebar contains a list of services: Backup, Web Security, Email Security, Archiver, Vulnerability Manager, Mobile Devices, and Appliance Control. The main content area is titled 'USER ACCOUNT CREATE/UPDATE' and contains a form with the following fields:

- Email Address:
- User Display Name (Firstname Lastname):
- User Aliases:
- Password:
- Role:

Below the form, there is a note: 'Use this section to manually create or update an account. Note: To update an account, go to the Local Accounts tab and click on the Edit link next to the user's account entry.' The bottom of the page shows the URL: https://mas.barracudanetworks.com/cgi-mod/index.cgi?auth_type=Local&et=1466557991&locale=en_US&password=1ea0033c622c1d1301f719c6eab9b0d&primary_tab=USERS&secondary_tab=per_user_add_update&user=guest
