

How to Resolve "There was a problem during phase X of component X of the installation process" Error

https://campus.barracuda.com/doc/54266315/

This article applies to Barracuda ArchiveOne version 7.3 or higher.

During the ArchiveOne installation, if any stages of the process fail, the following error displays:

"There was a problem during phase '<NameOfPhase>' of component '<NameOfComponent>' of the installation process"

The named phases may be:

- StopAppPool
- StopService
- ProcessMSI
- StartService
- StartAppPool

The named components may be:

- Services
- Websites
- Admin

The error message may provide additional details dependent on the nature of the error.

Verify that all <u>system prerequisites</u> for installation have been met. If all system prerequisites have been met, contact <u>Barracuda Networks Support</u> for assistance in resolving the installation error.
