
Getting Started

<https://campus.barracuda.com/doc/6160463/>

Barracuda Networks recommends first reviewing [Deployment Options](#). When you've determined the right deployment, you're ready to install and configure the Barracuda Web Security Gateway. For maximum security, Barracuda recommends reviewing [Securing the Barracuda Web Security Gateway](#) after installation.

Recommended Steps

If you already installed your Barracuda Web Security Gateway using the [Barracuda Web Security Gateway Quick Start Guide](#), which is shipped with your appliance, start with [Step 3 - Configure the Barracuda Web Security Gateway](#). If you are using the Barracuda Web Security Gateway Vx, start with [Virtual Deployment](#).

Best Practices in Configuring Policy

After you complete the basic setup of your Barracuda Web Security Gateway, you can fine tune your block/accept policies. See [Best Practices in Configuring Policy](#) for guidance.
