
Create a Barracuda Cloud Control Account

<https://campus.barracuda.com/doc/69960174/>

Before you can connect your Barracuda Networks products to Barracuda Cloud Control, you must first create an account:

1. If you do not have a Barracuda Cloud Control account, go to <https://login.barracudanetworks.com/> and click **Create a User**.
2. Enter your name, email address, and company name, and specify whether this is a partner account. Click **Create User**.
For partners, be sure to read [Barracuda Cloud Control Partner Accounts](#) and [How to Create a Partner Account](#).
3. Follow the instructions emailed to the entered email account to log in and create your Barracuda Cloud Control account.
4. After submitting your new account information, the **Account** page displays your account name, associated privileges, and username.

For your security, Barracuda Cloud Control has strict password rules. Please familiarize yourself with these [Password Complexity Policies](#).

Continue reading with the next Getting Started topic: [How to Change the Preferred Language](#).
