Email Protection

https://campus.barracuda.com/doc/69960202/

Activate your subscription to Barracuda Email Protection including Email Gateway Defense or start a free trial from within Barracuda Cloud Control. For details on Email Gateway Defense, refer to:

- Documentation in Barracuda Campus
- Product information on the Barracuda Networks website

For details on the Email Protection plans, see Overview of Email Protection Plans.

To activate your subscription or free trial:

- Log into https://login.barracudanetworks.com.
- In the left pane, click **Home**, and then click **Admin > Email Protection**.
- In the **Activate Subscription** section, select from the following options:
  - **Enter an Activation Key** – If you received an email with a product activation key (i.e. XXXXX-XXXXX-XXXXX), click to activate a subscription you have already purchased. For more information, refer to How to Activate Products Using an Activation Key.
  - **Start a trial** – Click to try Barracuda Email Protection including Email Gateway Defense for free. Click **Free Trial**, then complete the registration process.
- Refer to the Email Gateway Defense documentation for information on performing initial setup steps.
