

## How to Move Devices Between Accounts

<https://campus.barracuda.com/doc/69960218/>

Use the following steps to move devices between accounts:

1. Log in to Barracuda Cloud Control using your partner credentials.
2. Click the **Home** link in the left pane, and click **Partner > Appliance Control Management**.
3. The **Appliance Control Management** page displays. From the **Select Source Account** drop-down menu, select the account *FROM* which you want to move the device.
4. From the **Appliance (Serial #)** drop-down menu, select the device you want to move.
5. From the **Select Destination Account** drop-down menu, select the account *TO* which you want to move the device:

The screenshot shows the 'Appliance Control Management' page with a breadcrumb link '< Back to Partner Administration'. Below the title is a section 'Move Appliances between Accounts'. It contains three dropdown menus: 'Select Source Account:', 'Appliance [Serial #]:' (with 'Barracuda Message Archiver [5...2]' selected), and 'Select Destination Account:'.

6. Click **Save** to move the selected appliance to the destination account. **Device successfully moved** displays onscreen once the process is complete.

**Note:** If your appliance is not yet set up, you might see a message instructing you to go to Barracuda Appliance Control to complete the setup process.

The screenshot shows the 'Appliance Control Management' page with a breadcrumb link '< Back to Partner Administration'. Below the title is a section 'Move Appliances between Accounts'. It contains a 'Select Source Account:' dropdown menu. Below the dropdown is a red-bordered message box that reads: 'Please visit Appliance Control using this account to complete the setup process, and enable the ability to transfer an appliance.' In the top right corner of the form, there are 'Cancel' and 'Save' buttons.
