## Barracuda MSP Essentials Services

<https://campus.barracuda.com/doc/71238448/>

### Prerequisite

---

- [Getting Started with ECHOplatform](#)

### Barracuda Essentials Services - Walk-through

---

The following documents are procedures for configuring Barracuda Essentials and its underlying services to protect your Office 365 environment, and your Exchange 2010/2007/2013 environment.

- [Essentials for Exchange 2013+](#)
- [Essentials for O365](#)
- [Essentials for Exchange 2007/2010](#)

### Barracuda Essential Services - How to..

---

The More Services option on the ECHOplatform ribbon lets you access the Barracuda Essential Services page.

After purchasing Essential Services, you need to either assign the service to a subpartner and/or activate the service to an account to use it.

- [The View Purchased Essentials Services Page](#)
- [Activating MSP Essentials Services](#)
- [Changing Activated Essentials Services](#)
- [About Assigning Essentials Services to a Subpartner](#)
- [Assigning Essential Services to Subpartners](#)
- [Removing Essential Service from Subpartners](#)
- [Reporting Issues or Canceling Essential Services](#)
- [The Manage Account Page](#)

To exclude users from or include users to billing invoices, see [Usage Audit Listings](#).
