Barracuda Essentials Services - Walk-through

The following documents are walk-through procedures for configuring Barracuda Essentials and its underlying services to protect your Office 365 environment, and your Exchange 2010/2007/2013 environment.

- [Essentials for Exchange 2013+](#)
- [Essentials for O365](#)
- [Essentials for Exchange 2007/2010](#)

Barracuda Essential Services - How to..

The More Services option on the ECHOplatform ribbon lets you access the Barracuda Essential Services page.

After purchasing Essential Services, you need to either assign the service to a subpartner and/or activate the service to an account to use it.
