

End-of-Support for CloudGen Firewall Firmware

<https://campus.barracuda.com/doc/71860849/>

This End-of-Support plan for the Barracuda NextGen Firewall and CloudGen Firewall contains forward-looking statements based on current expectations, forecasts, and assumptions of Barracuda Networks that involve risks and uncertainties. Forward-looking statements are subject to risks and uncertainties associated with Barracuda Networks' business that could cause actual results to vary materially from those stated or implied by such forward-looking statements. Barracuda Networks is committed to providing maintenance releases for supported firmware every 4 months. At least one release in 18 months will be supported for 30 months (Long-Term Support Version). Support includes technical support, bug fixes, maintenance releases, workarounds, and patches for critical bugs.

Definitions

- **Long Term Support** - Long Term Support versions provide at least 30 months of support from release date.
- **Standard Support** - Standard Support versions provide 18 months of support from release date.
- **EoS** - End of Support.
