

Removing Essential Service from Subpartners

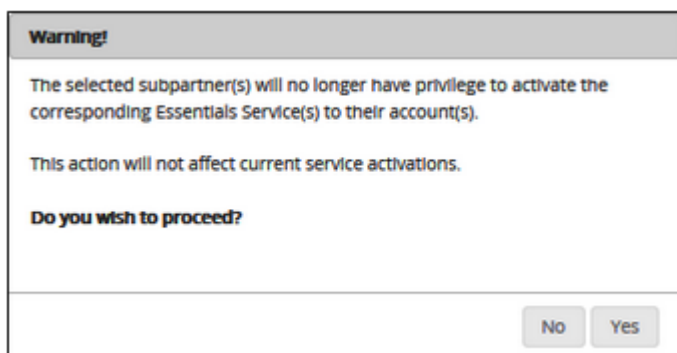

<https://campus.barracuda.com/doc/73695928/>

To remove Essential Services from a subpartner, perform the following steps.

1. At the Manage Essentials Services page, in the Available Essentials Services pane, select the service check box you want to remove, and then click the subpartner's check box. You can remove any number of services simultaneously.

2. Click the **Remove** button. The Warning pop-up is displayed.

Note: If you click **Yes**, the subpartner can no longer activate the essential service you are removing from the subpartner, but other essential services that are assigned to the subpartner can be activated.

3. Click **Yes** to remove the services. The selected services are removed from the account.
