Barracuda PhishLine includes hundreds of images and has unlimited storage for images you upload, including your organization's logo. You can use these images:

- in your campaigns to make them appear more attractive and legitimate to your users.
- on educational pages, branding them with your logo so users know they are on a friendly website.
- as buttons or placeholders in your templates or attachments.

To access the Image Gallery:

Navigate to **Campaigns > Image Gallery** or click the **Browse** button  within a template or campaign.

Within the Image Gallery:

- Navigate folders in the left panel to view images for specific purposes.
- Upload images in two ways:
  - through the **Upload** button 
  - by dragging and dropping an image into the Image Gallery or into a specific folder.
- Download one or more images .
- Select an image to use in a template or campaign.
- Move an image from one folder to another .
- Send an image to the recycle bin .

Any images you add while using the **Browse** button  will remain in the Image Gallery for you to use another time.
