

## Hider

<https://campus.barracuda.com/doc/77399248/>

It can be helpful to hide certain campaign results, so it is easier to see other campaign results. For example, if a previous campaign is completed, you might want to omit it from result displays or filter it out of each dashboard.

To hide campaign results:

1. Navigate to **System > Hider**.
2. Locate the desired campaign. Use the filter in the left panel to help narrow the campaigns listed.
3. Select **Hide Campaign Results** to hide the results. To show the results, clear the **Hide Campaign Results** check box.
