# Changing Backup Set Names

https://campus.barracuda.com/doc/77402498/

Changing Backup Set Names

To change the name of a backup set, perform the following steps.

1. At the backup set name on any page, click the edit icon .
   The placement of the icon is indicated in the example below.

   The name field is activated, and the edit icons are displayed.

2. Select and delete to erase the current name.
   The name is erased.

   Note: To cancel the name change and restore the current name, click the remove icon .

3. Type the new name of the backup set in the field, and then click the green icon .
   The new backup set name is displayed.
