This section describes each page in the Barracuda Cloud-to-Cloud Backup web interface.

In this Section

The screenshot shows the Barracuda Cloud Control web interface. The top navigation bar includes links for Home, Backup, Cloud-to-Cloud, Office 365 Backups, Main, Email Security, Archiver, Web Security, Vulnerability Manager, Mobile Devices, and Appliance Control. The main content area displays the Status page, which shows the status of connected services (OneDrive for Business, Exchange Online, SharePoint Online) and backup activity. The interface is annotated with the following text:

- View backup, restore, and audit log reports
- Restore data from Barracuda Cloud Storage
- Set name to identify Barracuda Cloud Backup and set time zone
- Configure Office 365 data sources
- Configure users, set up notifications, manage display groups, access documentation
- Status displays cloud storage backup activity
- Access Cloud-to-Cloud Backup
- Access user community
- Contact support
- Administer accounts, update profile, select locale, or sign out

The Status page displays the following information:

- Backup Activity: Two bar charts showing Backup Items Added and Backup Data Added over time.
- Storage: A table showing the amount of data stored in the cloud.

Storage	Cloud
Raw Data	44.41 GB
Items	1,078,100
