

How to Restrict Search to Current Folder in Restore Browser

<https://campus.barracuda.com/doc/78154198/>

Use the following steps to limit your search for items to the current directory in the Restore Browser:

1. Log in to Barracuda Backup using <https://login.barracudanetworks.com/>, and select the Cloud-to-Cloud Source in the left pane.
2. Go to the **Restore > Restore Browser** page, and select the target data source.
3. Navigate to and select the desired directory, and enter a word or phrase as the search string in the **Search** field.
4. Click **Search this Folder**:

The screenshot shows a search interface with a red box around the 'Search this Folder' button, a text input field containing 'Exchange', and a 'Search' button.

5. The search results display for the selected directory.

You can now restore or download the desired item.
