

Barracuda Cloud Security Guardian API

<https://campus.barracuda.com/doc/78156240/>

Barracuda Cloud Security Guardian is an API-first orchestration platform designed to protect Cloud native applications and secure Public Cloud infrastructure by offering API driven security solutions.

You can access the API by:

- clicking API in the Barracuda Cloud Security Guardian left navigation panel
- navigating to the API directly: <https://guardian.barracuda.com:8080/v1/docs>
