

CC Pool Licenses Tab

<https://campus.barracuda.com/doc/79463251/>

The **Pool Licenses** page provides information about the licenses that are active and available for managed CloudGen Firewalls. For information on how to activate licenses on the CloudGen Firewall, see [CC Barracuda Activation Page](#). To access the **Pool Licenses** page, click the **CONTROL** tab and select the **Pool Licenses** icon.

If licenses are present, the information displayed on the page is divided into three status sections:

- **0: No License** – This section lists inactive licenses with details.
- **1: License valid** – This section lists valid licenses with details.
- **2: License invalid** – This section lists invalid licenses with details.

There are four licensing states:

- **Activated** – The license is valid and active.
- **Not Activated** – The license is inactive.
- **Grace Mode** – The license is in grace mode.
- **License Expired** – The license has expired and is invalid.

The information on the **Pool Licenses** page is displayed under the following columns:

- **Host Name** – The name of the managed CloudGen Firewall unit.
- **Box Serial** – The serial number of the firewall.
- **Box Model** – The appliance model.
- **Lic-Serial** – Displays the serial number of the firewall license.
- **Lic-Model** – Displays the license model.
- **Lic-Type** – Displays the license type.
- **Cluster** – The cluster the firewall resides in.
- **Range ID** – The range the firewall resides in.
- **Add date** – Displays the date the license was activated.
- **Remove date** – Displays the date the license was removed.

- **Count (days)** – The amount of days the license has been active.
- **Status** – The activation state of the license.

Context Menu

Right-clicking on a list entry opens the context menu. For detailed information, see [Barracuda Firewall Admin](#).

Filter Options

Use the drop down fields on top of the page to filter the list entries by time period and date.

For more filtering options, right-click in the list and select the **Show Filter**. The filtering section provides a field for each column.

Pool Licenses Usage
