

Step 9: Brand Service Center

<https://campus.barracuda.com/doc/84313086/>

Background

You can add images to brand the Service Center user interface with your company logo.

Try This—Brand Service Center

You want to change the look and feel of Service Center.

Change the primary logo

1. In Service Center, click **Configuration > System Settings**.
2. Click the **Branding** tab.
3. Select **New Image** and then click **Select**.
4. In the **Choose File** dialog box, locate a new image file from your desktop and click **OK**.
5. Click **Save**.

What's Next

Congratulations on finishing the Quick Start Guide! At this point, you may want to explore how to configure additional services, such as patch management, remote control, automated tasks, and more.
