

# **Viewing the Axcient Dashboards**

https://campus.barracuda.com/doc/84313342/

There are two Axcient dashboards available:

- the Multi-Site Overview dashboard provides an aggregated look at the number of active alerts, failed jobs, and successful jobs for Axcient appliances across all sites.
- the Axcient site dashboard provides details about the appliances at the site, and the history of jobs and events.

From the Axcient Multi-Site Overview dashboard, you view the active alerts, failed jobs, and successful jobs for Axcient appliances across all sites, and you can access a list of Axcient partner services:
