

## Infrascale Service Module

<https://campus.barracuda.com/doc/84313366/>

A service module is an enhanced monitoring policy that includes dashboards, monitors, reports and scripts. Service modules enable Barracuda Managed Workplace to integrate with different software vendors. The service module covered in this guide is for BDR Infrascale.

This section provides detailed information about the following topics:

- [About the Infrascale BDR Service Module](#)
- [User Requirements and Setup](#)
- [Setting Up Monitoring](#)

You can find more information about Infrascale BDR at the following URL: [www.infrascale.com](http://www.infrascale.com)
