

Setting Branding Options

<https://campus.barracuda.com/doc/84967485/>

Overview of the Branding Options Page

You can brand the Hosted Service Center user interface with your company logos.

A primary logo appears at the top of the sidebar (above the main menu) and appears on every window in Service Center. You can also include a secondary logo and a banner graphic.

Images with the following file extensions can be used: .JPG, .JPEG, .GIF, .TIFF, .PNG or .BMP. The images are automatically scaled proportionally in the user interface once uploaded.

To add a logo

1. In the Hosted Console website, click **Configuration > Branding Options**.
2. Do one of the following for the primary company logo:
 - Select **Existing Image**, then select an image from the list.
 - Select **New Image > Browse**. In the **Choose File** dialog box, locate the new image file and click **OK**. Click **Save**.
3. If you want to include a secondary logo, do one of the following:
 - Select **Existing Image** and then select an image from the list.
 - Select **New Image > Browse**. In the Choose File dialog box, locate the new image file and click **OK**. Click **Save**.
4. If you want to include a banner graphic, do one of the following:
 - Select **Existing Image**, then select an image from the list.
 - Select **New Image > Browse**. In the **Choose File** dialog box, locate the new image file and click **OK**. Click **Save**.

To stop using an image

1. In the Hosted Console website, click **Configuration > System Settings**.
2. Click the **Branding** tab.
3. Select **No Image** for the image you no longer want to use.
4. Click **Save**.

To delete a logo from the Existing Image list

1. In the Hosted Console website, click **Configuration > System Settings**.
2. Click the **Branding** tab.
3. For the image you no longer want to use, select **Existing Image**, then select the image from the list.
4. Click **Delete**.

5. Click **OK**.
6. Click **Save**.

Overview of the VAR Branding Options Page

The Partner Links tabbed page allows you to

- Enter the navigation links for Partner links. External links must start with the following:
http://
- Enable the option to allow Virtual Service Center customers access to branding, which includes creating and editing themes and editing secondary images and banner graphics.
