# Firmware Updates

https://campus.barracuda.com/doc/84968164/

> **Important**
>
> Before updating the firmware on your Barracuda Firewall Insights, Barracuda Networks recommends reading the [Release Notes](#).

The section **Firmware Updates** contains the current firmware version and a link to the Release Notes. Firmware updates can be performed here.

To check the currently installed firmware:

1. Go to **ADVANCED > Firmware Updates**.
2. In the **Current Firmware Version** section, you can see the currently installed firmware.
3. Click **view release notes** to read the release notes for the currently installed firmware.

To update the firmware:

1. Go to **ADVANCED > Firmware Updates**.
2. Click **Download** to download the new firmware.
3. After the firmware has downloaded, click **Apply Now**.
