Recommended Installation Steps

If you already installed your Barracuda Reporting Server using the [Barracuda Reporting Server Quick Start Guide](#) , which is shipped with your device, continue with the next section: **Creating Reports** .

Continue with the section based on your deployment method:

Creating Reports

After you have installed the Barracuda Reporting Server and connected one or more devices to it, you are ready to start creating reports. See [Reporting](#) for details.

Backing Up

Soon after you have set up your Barracuda Reporting Server, perform a backup so you have it saved in an almost new state. See [Working with Backups](#) for details.

30-Day Evaluation Guide

This guide can help you to become familiar with the Barracuda Reporting Server features. See [30 Day Evaluation Guide - Barracuda Reporting Server](#) for details.

Integration with External Systems and Services - Security Considerations

Barracuda Reporting Server integrates with other systems and services in your environment, like your authorization server and email system. Barracuda Networks recommends creating separate service accounts for these integration points, rather than personal accounts, and then using the principle of

least privilege. This integration strategy is part of an overall security policy. For more information, see [Security for Integrating with Other Systems - Best Practices](#).
