
Restoring Databases

<https://campus.barracuda.com/doc/85493649/>

Restoring Backups of the Barracuda Managed Workplace Databases

See <http://technet.microsoft.com/en-us/library/ms187510.aspx>

Ensure the following:

- you are not restoring the database unnecessarily and causing data loss
- you are following the most up-to-date procedure
- you are also restoring any other databases that require it, for example SCMaster and the Report Server databases.

Restoring Backups of the Reporting Services Databases

To restore the Reporting Services databases, see the Microsoft best practices in the link below.
