Using Your Own Domains

https://campus.barracuda.com/doc/86541426/

Users are more likely to engage with content from a sender they know. Consider using your own domain or subdomain in your Security Awareness Training campaigns to make them appear more familiar to your users.

The following articles describe why you might want to use your domain or subdomain for various uses within Security Awareness Training, along with the required steps:

For related information, refer to Choosing How to Send Training Invitations.

Note: This domain must be reserved for exclusive use with Barracuda Networks' Security Awareness Training product.
