

Resetting Your Password

https://campus.barracuda.com/doc/86544722/

Logging into Security Awareness Training is accomplished with Single Sign-On (SSO). Resetting your password is therefore done with your SSO provider, whether that is <u>Barracuda Cloud Control (BCC)</u> or a third party provider like Okta, Microsoft Azure, etc.

To change your password with BCC:

- 1. Go to Barracuda Cloud Control (BCC).
- 2. Enter your email address and click **Next**.
- 3. Click the **Forgot password** link and follow the prompts.

To change your password using a third party SSO provider, go to the provider and follow their password reset steps.
