What's New in Barracuda Campus, October 2019

https://campus.barracuda.com/doc/86544813/

October 2019

The Barracuda Campus newsletter is published monthly with a listing of new and updated articles by product. The **Highlights** section announces new product documentation and other major additions or updates to the Barracuda Campus. Check back each month to see What's New!

Please direct feedback and questions to:

- campus@barracuda.com for account, login, and classes
- documentation@barracuda.com for documentation

Choose Your Product

Highlights

- New Barracuda Content Shield Suite for Mac OS
- Barracuda Forensics & Incident Response is now stand-alone. The only requirement is Microsoft Office 365.
- Barracuda PhishLine basic training courses now downloadable in various languages.
- The recordings of the Campus training sessions at the TechSummit19 are available. These recordings include the CGF Firmware 8.0.1 Update Training, WAF Firmware 10 Update Training, and many more.*
