You can stop patch management at the device level, by removing the applied patch policy.

### Stopping Microsoft Patch Management for a Device

---

1. In Service Center, click **Status > Devices**.
2. Use the filters at the top to narrow down the list of devices.
3. Click the name of the device on which you want to stop patch management.
4. In the **Applied Policies** area, move the slider to turn off the applied patch policy.
