

Monitoring Advanced Software Management

<https://campus.barracuda.com/doc/89620986/>

In order to use Advanced Software Management to apply updates, you must purchase an additional license. Contact your Barracuda sales representative.

A monitoring policy for third party software updates has been created for you. You can enable and use it like any other monitoring policy. For more information, see [About Using Monitoring Policies](#).

To view the details of the Advanced Software Management monitoring policy

1. In Service Center, click **Configuration > Policies > Monitoring**.
2. Click the name of the **Advanced Software Management** monitoring policy.
3. Click **Modify**.
4. Edit the name and description, if desired.
5. To assign a search tag to the monitoring policy, click in the **Tags** box. A list appears with pre-populated search tags. Click the name of the tag you want to associate with the monitoring policy.
6. Click **Save**.
