

## Enabling or Disabling Power Management for a Site

<https://campus.barracuda.com/doc/90440449/>

Using this procedure, you can enable or disable power management for more than one site.

1. In Service Center, click **Site Management > Sites**.
2. Select the check box beside the site or sites with which you want to work.
3. From the **More Actions** list, select either **Enable Power Management** or **Disable Power Management**.
